

**FOR IMMEDIATE RELEASE**

## **Cameco Fund for Mental Health awards 2024 grants to 12 Northumberland County organizations**

**PORT HOPE**, Ontario, Canada (December 16, 2024) – The Cameco Fund for Mental Health has awarded \$120,000 to support 12 mental health initiatives and organizations in Northumberland County. These grants aim to support a variety of organizations and mental health initiatives while benefitting a wide range of people living in our communities.

This year, two events were held in support of the Cameco Fund for Mental Health. In May, Cameco hosted the Step Up for Mental Health 5k, which raised over \$78,000 with the support of 700 runners and walkers. Every dollar collected through registration fees was matched by Cameco. In June, Cameco held its 13<sup>th</sup> annual Cameco Charity Golf Tournament, raising more than \$21,000 with a sold-out tournament at Dalewood Golf and Country Club. These events, along with donations and employee events helped to bring the total funding available to \$120,000.

The fund was launched in 2019, and over the past six years the Cameco Fund for Mental Health has granted nearly \$410,000 to support mental health programs in Northumberland County.

“We continue to be inspired by the passionate local organizations and community groups delivering mental health resources and programming to meet the unique needs of our community,” said Dale Clark, vice-president of Cameco’s Fuel Services Division. “The hard work and dedication are admirable, and Cameco is proud to support this vital work across Northumberland County.”

This fall, Cameco announced a public call for funding allocations, and in November, submissions were adjudicated by a panel of Cameco representatives, local mental health experts and the Saskatoon Community Foundation, which is the administrator for the grants.

### **About Cameco**

Cameco is one of the largest global providers of the uranium fuel needed to energize a clean-air world. Our competitive position is based on our controlling ownership of the world’s largest high-grade reserves and low-cost operations, as well as significant investments across the nuclear fuel cycle, including ownership interests in Westinghouse Electric Company and Global Laser Enrichment. Utilities around the world rely on Cameco to provide global nuclear fuel solutions for the generation of safe, reliable, carbon-free nuclear power. Our shares trade on the Toronto and New York stock exchanges. Our head office is in Saskatoon, Saskatchewan, Canada.
