

## Cameco announces virtual run and golf package to raise money for Cameco Fund for Mental Health

All funds raised support mental health initiatives in Northumberland County

Cameco has opened registration for its two signature fundraising events, the Cameco Charity Golf Package and the Step Up for Mental Health fun run/walk.

Since 2019, Cameco has raised over \$100,000 for local mental health initiatives through the Cameco Fund for Mental Health.

“We’re excited to announce these two great fundraising events,” said Dale Clark, vice president, Cameco Fuel Services Division. “Due to the COVID-19 pandemic and out of an abundance of caution, we are holding both events in a virtual format.”

### Cameco Charity Golf Package

The Cameco Charity Golf package at Dalewood Golf Club began in 2020 as a replacement for the traditional golf tournament usually held by Cameco each year.

“We were really excited for our golf tournament last year, as it was going to be our first event at Dalewood Golf Club,” said Clark. “But due to the COVID-19 pandemic, we had to change our plans from a one-day golf tournament to the Cameco Charity Golf Package, allowing participants to golf on a day that works for them. This year, we will once again be offering the golf package in place of the tournament.”

Registration for the Cameco Charity Golf Package is open now, and participants can pick a day

Registration is open now for the virtual Step Up for Mental Health which takes place October 1 - 6, 2021.

that works for them to golf any day in August or September.

Participants register for the golf package online at [www.camecofuel.com/golf](http://www.camecofuel.com/golf). The price is \$110, with a portion going to charity and Cameco contributing an additional \$40.

- Dale Clark, Vice President, Cameco Fuel Services Division

New for this year, Dalewood members can also participate with special pricing of \$55.

All participants get to play 18 holes with a cart, lunch, and a

Cameco swag bag. Everyone is automatically entered into a draw to win prizes, but extra chances to win can be purchased during registration.

“We also have some great sponsorship opportunities again this year,” said Clark. “The signage with sponsor logos will be on display at Dalewood for the duration of the golf package.”

### Step Up for Mental Health

For the non-golfers out there, Cameco is holding a virtual Step Up for Mental Health fun run/walk from October 1 -6, 2021.

The original Step Up for Mental Health event took place in Saskatoon in May of 2019, with an Ontario event taking place in Port Hope in October of 2019.

“This year, we’re holding one big virtual event, with all funds raised from Ontario participants

contributing to the Cameco Fund for Mental Health in Northumberland County,” said Clark.

Ontario participants will also receive the same great swag as Saskatoon participants, including a Step Up running shirt, a bunnyhug (we call it a hoodie in Ontario), a 160 page running/walking journal, and a custom medal. The swag package will be mailed to Ontario participants.

“When you visit the registration site you will notice many references to Saskatoon, where our head office is located and the original Step Up event took place,” said Clark. “However, all funds from Ontario participants will be matched by Cameco and directed to the local Cameco Fund for Mental Health in Northumberland County.

To register for the virtual event, please visit [www.stepupsk.ca](http://www.stepupsk.ca)

# Did you know? Facts about Cameco's Ontario Operations

## The Nuclear Fuel Cycle

At Cameco, we're proud of our role in helping to energize a clean-air world.

In Ontario, nuclear energy accounts for approximately 60% of the clean-air energy that is powering our homes and businesses. We play an important role in nuclear industries both here in Canada and around the world.

### Vision in Motion Update

Due to the COVID-19 pandemic, most work on Cameco's Vision in Motion (VIM) project at the Port Hope Conversion Facility (PHCF) has been put on pause until September.

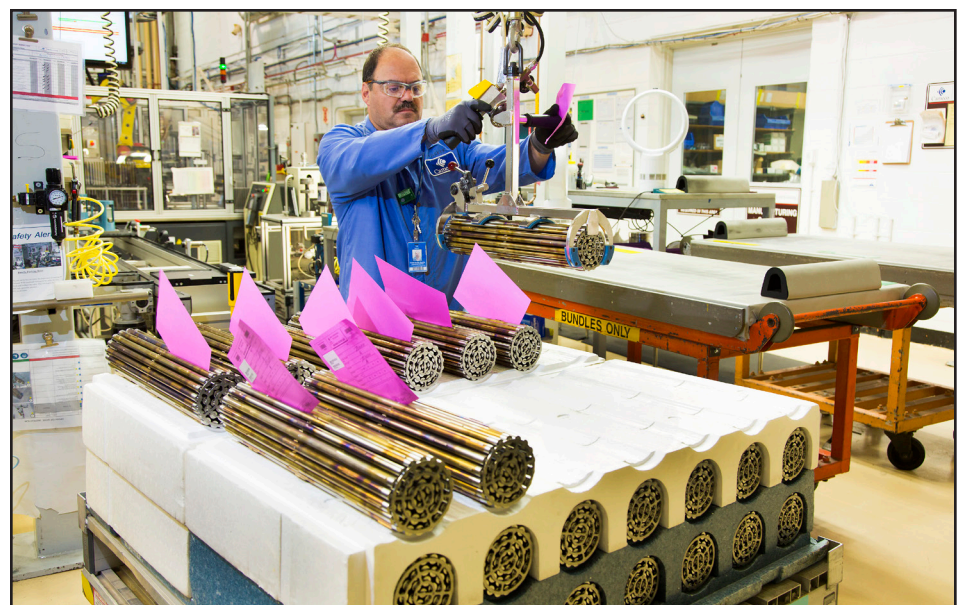

"The VIM project has experienced delays due to the pandemic," said Shane Watson, program manager, stakeholder relations. "We are hopeful that the COVID-19 situation will be better by

September so that we can safely ramp up activity on the site."

The Choate St. extension is no longer part of the Vision in Motion plan, and work is still being completed on the legal agreements necessary with the Municipality of Port Hope.

For more information on the project, please visit our website: [www.camecofuel.com/vim](http://www.camecofuel.com/vim)

### Unionized Workers at Cameco Fuel Manufacturing Accept Contract Offer

Packing fuel bundles for shipment at Cameco Fuel Manufacturing in Port Hope.

On June 8, Cameco announced that unionized employees at Cameco Fuel Manufacturing in Port Hope and Cobourg have voted to accept a new collective agreement.

The employees, represented by the United Steelworkers local 14193 have agreed to a three-year contract. The previous contract expired on June 1, 2021.
